

4701 Wrightsville Avenue Suite 3205
Wilmington, North Carolina 28403

Performance Brief

Following are selected projects for which Synergetic Service Corp successfully provided full turnkey installation; civil, mechanical, electrical, and/or control portion installation subcontract construction services; installation consultation; customer training; or corrective and preventative maintenance.

Current Projects

- **Fort Lee, Multiple Access Control Points, U.S. Army**
Scope: Construction of Concrete Foundations and Installation of Conduit Pathway Ductbanks, Pre-fabricated Metal Structures at multiple Access Control Points in support of Security Upgrades.
Dates of Performance: **May –December 2017**
Location: **Hopewell, VA**
Subcontract Value: **\$289,016.12**

- **Fort Lee, U.S. Army**
Scope: Construction of Concrete Foundations and Installation of Conduit Pathway Ductbanks, Pre-fabricated Metal Structures at multiple Access Control Points in support of Security Upgrades. Demolition and relocation of existing prefabricated structures. Installation of barrier and surveillance systems. Installation of prefabricated guard booths.
Dates of Performance: **October –December 2017**
Location: **Hopewell, VA**
Subcontract Value: **\$88,629.00**

- **Fort Bragg / Interstate 295 Outer Loop / Access Control Points**
Scope: Installation of Underground Concrete-encased Conduit Ductbank, Canopy Footers, Concrete Crash Walls, Curbing, Traffic Islands for North Carolina Department of Transportation contractors in support of new Fort Bragg Access Control Point Construction.
Dates of Performance: **May 2017 – May 2018**
Location: **Fayetteville, NC**
Subcontract Value: **\$1,209,569.62**

- **Fort Bragg, Multiple Access Control Points, U.S. Army**
Scope: Preventative Maintenance Inspection Services for the numerous Active Vehicle Barrier, Access Control and Intrusion Detection Systems at thirteen (13) Access Control Point Gates, including cleaning, troubleshooting, maintaining, and repairing products by GRAB, RoadBlade, Catsclaw, Overspeed and Directional Detection System, Magnetic AutoGate and others.
Dates of Performance: **October 2017 - September 2018**
Location: **Fayetteville, North Carolina**
Subcontract Value: **\$26,454.60**

- **Fort Jackson, US Army**
Scope: Construction of concrete footers. Installation of concrete-filled steel bollards. Installation of electrical conduit, wiring, and lighting fixtures.
Dates of Performance: **October - November 2017**
Location: **Columbia, South Carolina**
Subcontract Value: **\$26,314.52**

4701 Wrightsville Avenue Suite 3205
Wilmington, North Carolina 28403

Past Performance

- **Fort Benning, US Army**
Scope: Repairs to pre-fabricated guard booths.
Dates of Performance: **October 2017**
Location: **Columbus, Georgia**
Subcontract Value: **\$2,463.00**

- **Fort Greely, U.S. Army**
Scope: Civil and electrical construction for the Installation of (2) Gibraltar Wedge Barriers and demolition and removal of an existing beam barrier.
Dates of Performance: **July 2017**
Location: **Delta Junction, Alaska**
Subcontract Value: **\$115,900.00**

- **Pope Army Air Field, Directorate of Public Works, U.S. Army**
Scope: Installation of (43) Vidmar Filing Cabinets.
Dates of Performance: **September 2017**
Location: **Spring Lake, North Carolina**
Subcontract Value: **\$6,490.00**

- **Fort Bragg, U.S. Army**
Scope: Repairs to GRAB Net Barrier by replacing and re-setting major mechanical components and testing for re-commissioning.
Dates of Performance: **October 2017**
Location: **Fayetteville, North Carolina**
Subcontract Value: **\$13,592.00**

- **Military Ocean Terminal Sunny Point, Ammunition Storage Pads, U.S. Army**
Scope: Repairs to Microwave Detection System by replacing damaged conduits and conductors by open trenching and directional boring; and wire installation.
Dates of Performance: **May 2017**
Location: **Southport, North Carolina**
Subcontract Value: **\$13,758.32**

4701 Wrightsville Avenue Suite 3205
Wilmington, North Carolina 28403

- **Fort Bragg, Multiple Access Control Points, U.S. Army**
Scope: Civil and Electrical Construction Services to support upgrades to existing eleven (11) GRAB systems at seven access control points to include installation of eight (8) street light poles and six (6) mast arm poles with traffic signalization, roadway lane and stop line striping, underground electrical conduit installation via both open trenching and direction boring, electrical wiring, etc.
Dates of Performance: **November 2016 - May 2017**
Location: **Fayetteville, North Carolina**
Subcontract Value: **\$196,823.00**

- **Fort Rucker, Access Control Point, U.S. Army**
Scope: Mechanical repairs to existing cable barrier system.
Dates of Performance: **April 2017**
Location: **Enterprise, Alabama**
Subcontract Value: **\$3,057.00**

- **Fort Bragg, Chicken Road Access Control Point, U.S. Army**
Scope: Electrical construction services to repair and replace multiple in-road warning lights connected to the active vehicle barriers.
Dates of Performance: **April 2017**
Location: **Fayetteville, North Carolina**
Subcontract Value: **\$14,175.64**

- **Fort Bragg, Linden Oaks Housing Complex, U.S. Army**
Scope: Civil, mechanical, and electrical construction services to install one (1) RoadBlade System with remote control capability.
Dates of Performance: **April 2017**
Location: **Spout Springs, North Carolina**
Subcontract Value: **\$30,007.44**

- **Fort Bragg, Gruber Road Access Control Point, U.S. Army**
Scope: Removal of two (2) Guard Booths and relocation to storage facility for the Directorate of Emergency Services.
Dates of Performance: **March 2017**
Location: **Fayetteville, North Carolina**
Subcontract Value: **\$3,269.33**

- **Fort Rucker, Newton Road Gate Access Control Point, U.S. Army**
Scope: Repairs to existing communications cabling for Active Vehicle Barriers by locating damaged conduit, repairing the conduit, and pulling in new fiber optic and copper cables.
Dates of Performance: **March 2017**
Location: **Enterprise, Alabama**
Subcontract Value: **\$5,706.51**

- **Fort Bragg, Yadkin Road Gate Access Control Point, U.S. Army**
Scope: Installation of Government-furnished Bollards to protect a previously vulnerable gap in perimeter security.
Dates of Performance: **March 2017**
Location: **Fayetteville, North Carolina**
Subcontract Value: **\$13,552.56**

4701 Wrightsville Avenue Suite 3205
Wilmington, North Carolina 28403

- **Fort Stewart, Gate 3 Access Control Point, U.S. Army**
Scope: Service Call Response to troubleshoot Overspeed and Directional Detection System.
Dates of Performance: **February 2017**
Location: **Hinesville, Georgia**
Subcontract Value: **\$1,445.12**

- **Fort Stewart, Truck Gate Access Control Point U.S. Army**
Scope: Repairs to three (3) concrete traffic signal light pole foundations to include concrete work and re-installation and wiring of traffic signals and supporting poles.
Dates of Performance: **February 2017**
Location: **Hinesville, Georgia**
Subcontract Value: **\$3,697.85**

- **Military Ocean Terminal Sunny Point, Ammunition Storage Pads, U.S. Army**
Scope: Upgrades to Microwave Motion Sensor Intrusion Detection Systems monitoring Eight (8) Live Ammunition Storage Pads by installing, wiring, testing, aiming, troubleshooting, repairing and providing commissioning support for new and existing Microwave equipment systems.
Dates of Performance: **February 2017**
Location: **Southport, North Carolina**
Subcontract Value: **\$15,274.00**

- **Fort Bragg Multiple Access Control Points, U.S. Army**
Scope: Replacement and Repairs to Canopy Lighting at Thirteen (13) Access Control Points onto Fort Bragg
Dates of Performance: **December 2016 - January 2017**
Location: **Fayetteville, North Carolina**
Subcontract Value: **\$8,156.34**

- **Sunoco Glenpool Butane Blending**
Scope: Installation of Two (2) 20-foot TyMetal Slide Gates and Two (2) HySecurity Slide Driver 15 Gate Operators with auxiliary Card Readers, Photo Eyes, and Edge Sensors.
Dates of Performance: **January 2017**
Location: **Jenks, Oklahoma**
Subcontract Value: **\$15,916.00**

- **Fort Bragg Directorate of Emergency Services, U.S. Army**
Scope: Maintenance and Repairs for Eleven (11) Variable Message Boards
Dates of Performance: **January 2017**
Location: **Fayetteville, North Carolina**
Subcontract Value: **\$29,473.36**

- **Blue Grass Army Depot**
Scope: Civil and Electrical Service to install two (2) Prefabricated Ballistic Guard Booths and two (2) HySecurity StrongArm Park DC Gate Operators.
Dates of Performance: **November 2016**
Location: **Richmond, Kentucky**
Subcontract Value: **\$6,874.00**

4701 Wrightsville Avenue Suite 3205
Wilmington, North Carolina 28403

- **Camp Lejeune, U.S. Marine Corps**
Scope: Installation of DMP Access Control and Intrusion Detection System equipment at Second Expeditionary Forces Headquarters.
Dates of Performance: **September 2016**
Location: **Jacksonville, North Carolina**
Subcontract Value: **\$7,114.00**

- **Fort Jackson, U.S. Army**
Scope: Maintenance services to effect support of our client's annual Access Control Point Active Vehicle Barrier Preventative and Corrective Maintenance Contract.
Dates of Performance: **October 2015 – September 2016**
Location: **Columbia, South Carolina**
Subcontract Value: **\$1,874.00**

- **Hunter Army Airfield, U.S. Army**
Scope: Maintenance services to effect support of our client's annual Access Control Point Active Vehicle Barrier Preventative and Corrective Maintenance Contract.
Dates of Performance: **October 2015 – September 2016**
Location: **Savannah, Georgia**
Subcontract Value: **\$2,811.00**

- **Fort Stewart, U.S. Army**
Scope: Maintenance services to effect support of our client's annual Access Control Point Active Vehicle Barrier Preventative and Corrective Maintenance Contract.
Dates of Performance: **October 2015 – September 2016**
Location: **Hinesville, Georgia**
Subcontract Value: **\$4,685.00**

- **Fort Bragg, U.S. Army**
Scope: Maintenance services to effect support of our client's annual Access Control Point Active Vehicle Barrier Preventative and Corrective Maintenance Contract.
Dates of Performance: **October 2015 – September 2016**
Location: **Fayetteville, North Carolina**
Subcontract Value: **\$21,643.75**

- **Redstone Arsenal (Gate 9)**
Product Supported: **Smith & Wesson GRAB**
Scope: **Complete Turnkey Service** to effect repairs to existing GRAB system by demolishing and removing deficient concrete, replacing rebar, metal embedments, and conduit and replacing concrete and net components.
Dates of Performance: **August – September 2016**
Location: **Huntsville, Alabama**
Subcontract Value: **\$11,119.00**

4701 Wrightsville Avenue Suite 3205
Wilmington, North Carolina 28403

- **Fort Bragg (Knox St. Truck Plaza)**
Product Supported: **Under Vehicle Surveillance Cameras**
Scope: **Complete Turnkey Service** to effect removal of existing camera system and concrete and conduit work to install three (3) new under vehicle camera systems. We also supported the our client in pulling in video and power wiring from the cameras to the new DVR/monitor equipment in the guard house.
Dates of Performance: **July 2016**
Location: **Fayetteville, North Carolina**
Subcontract Value: **\$14,953.52**

- **Fort Stewart (Gate 7 – Commercial Gate)**
Scope: Repairs to canopy support structure after impact by a truck. We realigned the canopy supports and enhanced the cable support system and welded splints in place to strengthen the weakened components.
Dates of Performance: **July 2016**
Location: **Fayetteville, North Carolina**
Subcontract Value: **\$3,084.00**

- **Pope Army Air Field (Manchester Gate)**
Product Supported: **Catsclaw Tire Shredder**
Scope: **Complete Turnkey Service** to effect repairs and upgrades to existing two (2) systems by installing new traffic signal lights and additional control panels at guard booths. In addition we improved water run-off management by clearing existing drains and constructing new concrete curb walls to reduce water flow around the systems.
Dates of Performance: **July 2016**
Location: **Spring Lake, North Carolina**
Subcontract Value: **\$28,110.00**

- **FedEx Cargo Aircraft Ramp, Buffalo International Airport**
Scope: **Complete Turnkey Installation Service** to effect civil, mechanical, and electrical Construction and installation support for **one (1) wide-body aircraft tether system, two (2) 400Hz receptacles for aircraft ground power, and two (2) area lighting pole with aircraft charging receptacle and aircraft grounding** on aircraft parking ramps.
Dates of Performance: **April – May 2016**
Location: **Buffalo, New York**
Subcontract Value: **\$154,793.00**

- **The Parking Spot 2**
Scope: **Complete Turnkey Service** to effect installation **one (1) RoadBlade tire shredder system** including testing, commissioning, and turnover support.
Dates of Performance: **May 2016**
Location: **Atlanta, Georgia**
Subcontract Value: **\$19,869.00**

4701 Wrightsville Avenue Suite 3205
Wilmington, North Carolina 28403

- **Norfolk Southern Rickenbacker Intermodal Rail Terminal**
Product Supported: **PMG, Inc. RoadBlade System**
Scope: **Complete Turnkey Service** to effect installation of **two (2) RoadBlade systems, gate arms, traffic signal lights, vehicle detection loops, and other civil construction work including demolition and re-construction of reinforced concrete roadway sections and drain installation utilizing multiple weekend shut-down phases.**
Dates of Performance: **December 2015 – March 2016**
Location: **Columbus, Ohio**
Subcontract Value: **\$107,911.53**

- **FedEx Cargo Aircraft Ramp, Will Rogers World Airport**
Product Supported: **Aircraft Ground Power Unit**
Scope: **Complete Turnkey Service** to effect installation of **two (2) aircraft ground power unit systems and aircraft grounding rods** and testing, commissioning, and turnover support including interface with local power company to install transformer and new service.
Dates of Performance: **November 2015 – February 2016**
Location: **Oklahoma City, Oklahoma**
Subcontract Value: **\$105,612.17**

- **Manheim Auto Auction Texas Hobby**
Product Supported: **PMG, Inc. RoadBlade System**
Scope: **Complete Turnkey Service** to effect installation of **eleven (11) Surface-Mount RoadBlade systems, each with gate arms and traffic signal lights, utilizing multiple weekend shut-down phases.**
Dates of Performance: **October – November 2015**
Location: **Houston, Texas**
Subcontract Value: **\$66,358.00**

- **Scott Air Force Base**
Product Supported: **Smith & Wesson GRAB**
Scope: **Civil and Mechanical Installation Service** to effect for **two (2) GRAB Systems, multiple wig-wag lights, and various additional tasks to support our client's project.**
Dates of Performance: **September - October 2015**
Location: **O'Fallon, Illinois**
Subcontract Value: **\$126,874.10**

- **FedEx Cargo Aircraft Ramp, Columbia Metropolitan Airport**
Product Supported: **Wide Body Aircraft Tether**
Scope: **Complete Turnkey Installation Service** to effect civil, mechanical, and electrical Construction and installation support for **one (1) aircraft tether systems and (1) area lighting pole with aircraft charging receptacle and aircraft grounding** on aircraft parking ramps.
Dates of Performance: **April – June 2015**
Location: **West Columbia, South Carolina**
Subcontract Value: **\$69,943.00**

4701 Wrightsville Avenue Suite 3205
Wilmington, North Carolina 28403

- **FedEx Cargo Aircraft Ramp, Richmond International Airport**
Product Supported: **Wide Body Aircraft Tether**
Scope: **Complete Turnkey Installation Service** to effect civil, mechanical, construction and installation support for **two (2) aircraft tether systems and grounding rods and receptacles** on aircraft parking ramps.
Dates of Performance: **July 2015**
Location: **Richmond, Virginia**
Subcontract Value: **\$46,289.00**

- **FedEx Cargo Aircraft Ramps, Various**
Scope: **Complete Turnkey Service** to effect installation of aircraft grounding rods including testing, commissioning, and turnover support.
Dates of Performance: **May – July 2015**
Location: **Ten (10) airports throughout the Southeast United States**
Subcontract Value: **\$36,425.00**

- **FedEx Cargo Aircraft Ramp, Alliance Fort Worth Airport**
Product Supported: **Wide Body Aircraft Tether**
Scope: **Complete Turnkey Installation Service** to effect civil, mechanical, construction and installation support for **three (3) aircraft tether systems** on aircraft parking ramps.
Dates of Performance: **March 2015**
Location: **Fort Worth, Texas**
Subcontract Value: **\$57,216.78**

- **Fort Leavenworth, U.S. Army**
Product Supported: **PMG, Inc. RoadBlade Vehicle Immobilizer Systems and crash rated guard rail**
Scope: **Complete Turnkey Installation Service** to effect civil, mechanical, electrical, testing, commissioning, and turnover support for **two (2) barrier systems** at various secure access control points.
Dates of Performance: **November – December 2014**
Location: **Leavenworth, Kansas**
Subcontract Value: **\$83,775.00**

- **FedEx Cargo Aircraft Ramp, Harrisburg International Airport**
Product Supported: **Wide Body Aircraft Tether**
Scope: **Complete Turnkey Installation Service** to effect civil, mechanical, Construction and installation support for **three (3) aircraft tether systems** on aircraft parking ramps.
Dates of Performance: **October 2014**
Location: **Middletown, Pennsylvania**
Subcontract Value: **\$55,833.30**

4701 Wrightsville Avenue Suite 3205
Wilmington, North Carolina 28403

- **Undisclosed Facility** (Per terms of our subcontract agreement with our customer, we are not permitted to disclose the name or location of this project's facility.)
Product Supported: **ROSS Manual K-12 Drop Arm Gate Barriers**
Scope: **Complete Turnkey Installation Service** to effect civil, testing, commissioning, and turnover support for **two (2) active vehicle barrier units** at various secure access control points.
Dates of Performance: **October 2014**
Location: **North Carolina**
Subcontract Value: **\$16,986.00**

- **McEntire Joint National Guard**
Product Supported: **Smith & Wesson SW 1900 Hydraulic Wedge Barrier, passive directional tire deflator systems, fixed and removable bollards, Swing Gate, and Lift Arm Gate**
Scope: **Complete Turnkey Installation Service** to effect civil, mechanical, electrical, testing, commissioning, and turnover support for **various barrier system**.
Dates of Performance: **September – October 2014**
Location: **Hopkins, South Carolina**
Subcontract Value: **\$50,514.00**

- **FedEx Cargo Aircraft Ramp, Dane County Regional Airport**
Product Supported: **Wide Body Aircraft Tether**
Scope: **Complete Turnkey Installation Service** to effect civil, mechanical, Construction and installation support for **two (2) aircraft tether systems** on aircraft parking ramps.
Dates of Performance: **June 2014**
Location: **Madison, Wisconsin**
Subcontract Value: **\$39,698.00**

- **Langley Air Force Base**
Product Supported: **RSSI Electric Wedge Barriers**
Scope: **Civil and Mechanical Installation Service** to effect, for **five (5) barrier systems** at West Gate access control point.
Dates of Performance: **February – March 2014**
Location: **Fayetteville, North Carolina**
Subcontract Value: **\$72,396.00**

- **Lockheed Martin, Air Force Plant 6**
Product Supported: **Smith & Wesson GRAB, SW M50 Post & Cable System, Ameristar K12 Impasse II Gauntlet, Delta DSC7500**
Scope: **Civil and Mechanical Installation Service** to effect for **one (1) GRAB, one (1) mast arm, two (2) wig-wag lights, 600 linear feet of M50 Post & Cable Barrier, 190 linear feet of Ameristar Impasse II K12 fence, 330 linear feet of Ameristar Impasse (non-rated) fence with two gates**, at Walker Street secure access control point.
Dates of Performance: **December 2013 – July 2014**
Location: **Marietta, Georgia**
Subcontract Value: **\$148,369.00**

4701 Wrightsville Avenue Suite 3205
Wilmington, North Carolina 28403

- **United States Mint at Denver, U.S. Department of the Treasury**
Product Supported: **Eaton Uninterruptible Power Supply**
Scope: **Complete Turnkey Installation Service for one (1) Eaton UPS.**
Dates of Performance: **November 2013**
Location: **Denver, Colorado**
Subcontract Value: **\$6,000.00**

- **United States Mint at West Point, U.S. Department of the Treasury**
Product Supported: **Eaton Uninterruptible Power Supply**
Scope: **Complete Turnkey Installation Service for one (1) Eaton UPS.**
Dates of Performance: **November 2013**
Location: **West Point, New York**
Subcontract Value: **\$6,000.00**

- **Dulles Discovery**
Product Supported: **RSSI 5-Post Electrical Wedge Barriers, Nasatka NMSB XIII Manual Crash Beam, fixed crash-rated bollards, and Manually Operated Retractable Bollards**
Scope: **Complete Turnkey Installation Service** to effect civil, mechanical, electrical, testing, commissioning, and turnover support for **two (2) RSSI barriers, one (1) Nasatka crash beam, twenty-seven (27) fixed bollards, and thirty-three (33) manually operated retractable bollards.**
Dates of Performance: **October 2013 – April 2014**
Location: **Herndon, Virginia**
Subcontract Value: **\$115,197.43**

- **Winn Army Hospital, Fort Stewart**
Product Supported: **APSG CRB240 Hydraulic Crash Beam**
Scope: **Complete Turnkey Installation Service** to effect civil, mechanical, electrical, testing, commissioning, and turnover support for **one (1) barrier systems.**
Dates of Performance: **September 2013**
Location: **Hinesville, GA**
Subcontract Value: **\$17,606.00**

- **Norfolk Southern**
Product Supported: **PMG, Inc. RoadBlade Vehicle Immobilizer Systems**
Scope: **Complete Turnkey Installation Service** to effect civil, mechanical, electrical, testing, commissioning, and turnover support for **one (1) barrier system.**
Dates of Performance: **September 2013**
Location: **Detroit, Michigan**
Subcontract Value: **\$13,550.00**

- **Portsmouth Naval Shipyard**
Scope: **Miscellaneous punchlist tasks to support our client's completion of their barrier project.**
Dates of Performance: **June – July 2013**
Location: **Kittery, Maine**
Subcontract Value: **\$17,166.79**

4701 Wrightsville Avenue Suite 3205
Wilmington, North Carolina 28403

- **United States Mint at Philadelphia, U.S. Department of the Treasury**
Product Supported: **Eaton Uninterruptible Power Supply**
Scope: **Complete Turnkey Installation Service for one (1) Eaton UPS.**
Dates of Performance: **July 2013**
Location: **Philadelphia, Pennsylvania**
Subcontract Value: **\$6,000.00**

- **Gabreski Air National Guard Base**
Product Supported: **Smith & Wesson SW1900 Wedge Barriers, crash-rated drop arms, K4 removable bollards, and Overspeed Detection System.**
Scope: **Complete Turnkey Installation Service** to effect civil, mechanical, electrical, testing, commissioning, and turnover support for **two (2) wedge barrier systems, fifteen (15) removable bollards, four (4) drop arm crash gates, and one (1) ODDS.**
Dates of Performance: **July – October 2013**
Location: **Westhampton, New York**
Subcontract Value: **\$110,863.00**

- **Fort Bragg, U.S. Army**
Product Supported: **Smith & Wesson GRAB, Smith & Wesson M50 Post & Cable system, mast arm traffic signalization, Doorking drop arm gates, and wrong-way traffic detection system.**
Scope: **Complete Turnkey Installation Service** to effect civil, mechanical, electrical, testing, commissioning, and turnover support for **two (2) GRABs, 600 linear feet of Post & Cable barrier, ten (10) drop arm gates, two (2) traffic signal masts, and one (1) wrong-way vehicle detection system** at new Chicken Road ACP.
Dates of Performance: **May 2013 – May 2014**
Location: **Fayetteville, North Carolina**
Subcontract Value: **\$189,445.06**

- **FedEx Aircraft Ramp, Roanoke-Blacksburg Regional Airport**
Product Supported: **Wide Body Aircraft Tether**
Scope: **Installation Service** to effect civil, mechanical, construction and installation to support client in completing their project for **one (1) aircraft tether system** on aircraft parking ramp.
Dates of Performance: **May 2013**
Location: **Roanoke, Virginia**
Subcontract Value: **\$6,970.73**

- **Social Security Administration**
Product Supported: **APSG CRB 240 Cable Crash Beam, BIG Enterprises ballistic guard Booths**
Scope: **Complete Turnkey Installation Service** to effect civil, mechanical, and turnover support for **two (2) APSG crash beam systems and removal of four (4) existing guard booths and replacement with four (4) new ballistic rated booths** at various secure access control points.
Dates of Performance: **March – May 2013**
Location: **Woodlawn, Maryland**
Subcontract Value: **\$63,057.00**

4701 Wrightsville Avenue Suite 3205
Wilmington, North Carolina 28403

- **New Castle Air National Guard Base**
Product Supported: **Smith & Wesson SW 1900 Hydraulic Wedge Barriers, and non-rated drop arm gates**
Scope: **Complete Turnkey Installation Service** to effect civil, mechanical, electrical, testing, commissioning, and turnover support for **two (2) wedge barrier systems and four (4) drop arm gates.**
Dates of Performance: **June – October 2013**
Location: **New Castle, Delaware**
Subcontract Value: **\$38,148.00**

- **SAS Institute**
Product Supported: **Delta Hydraulic Bollard System**
Scope: Miscellaneous civil, mechanical, electrical installation services to effect support for **one (1) bollard array system.**
Dates of Performance: **January 2013**
Location: **Cary, North Carolina**
Subcontract Value: **\$7,147.00**

- **Radford Army Ammunition Plant**
Product Supported: **Smith & Wesson GRAB**
Scope: **Complete Turnkey Installation Service** to effect civil, mechanical, electrical, testing, commissioning, and turnover support for **one (15) barrier system.**
Dates of Performance: **January 2013**
Location: **Radford, Virginia**
Subcontract Value: **\$77,252.00**

- **Scott Air Force Base**
Product Supported: **CatsClaw Vehicle Immobilizer Systems**
Scope: **Complete Turnkey Installation Service** to effect civil, mechanical, electrical, testing, commissioning, and turnover support for **four (4) barrier systems** at various secure access control points.
Dates of Performance: **November 2012 – March 2013**
Location: **O'Fallon, Illinois**
Subcontract Value: **\$74,659.25**

- **Camp Pendleton, U. S. Marine Corps**
Product Supported: **CatsClaw Vehicle Immobilizer Systems**
Scope: Corrective and preventative maintenance support for numerous barrier systems.
Dates of Performance: **September 2012**
Location: **Oceanside, California**
Subcontract Value: **\$3,400.00**

4701 Wrightsville Avenue Suite 3205
Wilmington, North Carolina 28403

- **Travis Air Force Base**
Product Supported: **CatsClaw Vehicle Immobilizer Systems**
Scope: Replacement and maintenance of reverse entry vehicle detection loop system to support repaving for ACP upgrade project.
Dates of Performance: **August 2012**
Location: **Fairfield, California**
Subcontract Value: **\$15,645.30**

- **Fort Bragg, U.S. Army**
Product Supported: **PMG, Inc. RoadBlade Vehicle Immobilizer Systems**
Scope: **Complete Turnkey Installation Service** to effect civil, mechanical, electrical, testing, commissioning, and turnover support for **fifteen (15) barrier systems** at various secure access control points.
Dates of Performance: **December 2011 – October 2012**
Location: **Fayetteville, North Carolina**
Subcontract Value: **\$257,742.00**

- **Social Security Administration Data Center**
Product Supported: **RSSI 2000VI Wedge Systems**
Scope: **Demolition and removal of two (2) B&B ARMR wedge barriers and one (1) 10' x 13' BIG Enterprises guard booth and Civil Installation Service of two (2) 15' RSSI 2000VI Wedge Systems and one (1) 10' x 13' BIG Enterprises guard booth.**
Dates of Performance: **September 2012**
Location: **Durham, North Carolina**
Subcontract Value: **\$58,946.00**

- **McConnell Air Force Base**
Product Supported: **Catsclaw Vehicle Immobilizer Systems**
Scope: **Scheduled Preventative Maintenance Service** to support **four (4) barrier systems** at various secure access control points.
Dates of Performance: **October 2012**
Location: **Wichita, Kansas**
Subcontract Value: **\$3,258.00**

- **United States Army Special Operations Center, Fort Bragg**
Product Supported: **APSG CRB360 and CRB240 Crash Beam**
Scope: **Civil and Electrical Installation Service and Training support** to effect civil, mechanical, electrical, testing, commissioning, training and turnover support for **six (6) barrier systems** at various secure access control points.
Dates of Performance: **June – August 2012**
Location: **Fayetteville, North Carolina**
Subcontract Value: **\$66,255.00**

4701 Wrightsville Avenue Suite 3205
Wilmington, North Carolina 28403

- **United States Army Special Operations Center, Fort Bragg**
Product Supported: **Barrier1 Quick Connect Barrier**
Scope: **Furnish and Install one (1) barrier system** at a secure access control points.
Dates of Performance: **May 2012**
Location: **Fayetteville, North Carolina**
Subcontract Value: **\$28,437.00**

- **United States Army Special Operations Center, Fort Bragg**
Product Supported: **Delta Scientific Manual Removable Bollards**
Scope: **Civil Installation of twelve (12) bollards.**
Dates of Performance: **May 2012**
Location: **Fort Bragg, Fayetteville, North Carolina**
Subcontract Value: **\$12,256.00**

- **Undisclosed Facility** (Per terms of our subcontract agreement with our customer, we are not permitted to disclose the name or location of this project's facility.)
Product Supported: **Delta Scientific Model DSC800 Manual Bollards**
Scope: **Complete Turnkey Installation Service** to effect civil, testing, commissioning, and turnover support for **nine (9) barriers units** at various secure access control points.
Dates of Performance: **June 2012**
Location: **Texas**
Subcontract Value: **\$32,214.11**

- **McConnell Air Force Base**
Product Supported: **Catsclaw Permanent Vehicle Immobilizer Systems**
Scope: **Complete Turnkey Installation Service** to effect civil, electrical, testing, commissioning, and turnover support for **four (4) barrier systems** at various secure access points.
Dates of Performance: **December 2011**
Location: **Wichita, Kansas**
Subcontract Value: **\$47,984.62**

- **Camp Lejeune, U. S. Marine Corps**
Product Supported: **Catsclaw Permanent Vehicle Immobilizer Systems**
Scope: **Installation Service** to effect civil construction and installation of **one (1) barrier system** at a secure access points.
Dates of Performance: **May - June 2011**
Location: **Sneads Ferry, North Carolina**
Subcontract Value: **\$17,118.31**

- **Veterans Administration Medical Center**
Product Supported: **Delta Scientific Model DSC800 Hydraulic Bollards** and **Liftmaster Model SL595 Slide Gate Operator**
Scope: **Installation Service** to effect finalization of hydraulic, electrical, and control wiring for **two (2) crash barrier units** at a secure access control point.
Dates of Performance: **May 2011**
Location: **Cape Coral, Florida**
Subcontract Value: **\$8,520.40**

4701 Wrightsville Avenue Suite 3205
Wilmington, North Carolina 28403

- **NASA Glenn Research Center**
Product Supported: **Neu Security Cable Net Barrier**
Scope: **Installation Service** to effect finalization of hydraulic, electrical, and control wiring for **eight (8) bollard units** and **one (1) slide gate** at various secure access control points.
Dates of Performance: **May 2011**
Location: **Cleveland, Ohio**
Subcontract Value: **\$13,077.13**

- **Undisclosed Facility** (Per terms of our subcontract agreement with our customer, we are not permitted to disclose the name or location of this project's facility.)
Product Supported: **Delta Scientific Model TT212 Hydraulic Cable Crash Beam**
Scope: **Installation Service** to effect complete civil construction and hydraulic, electrical, and control wiring for **two (2) barrier systems** at various secure access control points.
Dates of Performance: **March - April 2011**
Location: **Texas**
Subcontract Value: **\$25,020.06**

- **Undisclosed Facility** (Per terms of our subcontract agreement with our customer, we are not permitted to disclose the name or location of this project's facility.)
Product Supported: **Delta Scientific Model TW4030 Surface Mounted Barricade**
Scope: **Installation Service** to support client during civil construction and hydraulic electrical control work for **three (3) barrier systems** at various secure access control points.
Dates of Performance: **February 2011**
Location: **Louisiana**
Subcontract Value: **\$10,286.33**

- **Travis Air Force Base**
Product Supported: **Delta Scientific 501 Phalanx Wedge Barriers**
Scope: **Complete Turnkey Installation Service** to effect civil, hydraulic, electrical, testing, commissioning, and turnover support for **four (4) barrier systems** at a secure access control points.
Dates of Performance: **March - April 2010**
Location: **Fairfield, CA**
Subcontract Value: **\$194,300.15**

- **Fort Bragg, U.S. Army**
Product Supported: **B&B ARMR Model 714 Security Gate Arm**
Scope: **Complete Turnkey Installation Service** to effect civil, testing, commissioning and turnover support for **one (1) barrier system** at a secure access control point.
Dates of Performance: **February 2010**
Location: **Fayetteville, North Carolina**
Subcontract Value: **\$8,155.91**

4701 Wrightsville Avenue Suite 3205
Wilmington, North Carolina 28403

- **Travis Air Force Base**
Product Supported: **Catsclaw Permanent Vehicle Immobilizer System**
Scope: **Complete turnkey Installation Service** to effect civil, electrical, testing, commissioning, and turnover support for **three (3) barrier systems** at various secure access control points.
Dates of Performance: **January 2009**
Location: **Fairfield, CA**
Subcontract Value: **\$130,983.93**

- **Naval Air Weapons Station China Lake**
Product Supported: **PMG, Inc. RoadBlade Vehicle Immobilizer System**
Scope: **Complete turnkey Installation Service** to effect civil, electrical, testing, commissioning, and turnover support for **two (2) barrier systems** at a secure access control points.
Dates of Performance: **October – November 2008**
Location: **Ridgecrest, California**
Subcontract Value: **\$67,021.10**

- **Camp Pendleton, U. S. Marine Corps**
Product Supported: **Catsclaw Permanent Vehicle Immobilizer System**
Scope: **Complete turnkey Installation Service** to effect civil, electrical, testing, commissioning, and turnover support for **one (1) barrier systems** at a secure access control points.
Dates of Performance: **October 2008**
Location: **Jacksonville, North Carolina**
Subcontract Value: **\$28,847.30**

- **Naval Amphibious Base Coronado**
Product Supported: **PMG, Inc. RoadBlade Vehicle Immobilizer System**
Scope: **Complete turnkey Installation Service** to effect civil, electrical, testing, commissioning, and turnover support for **five (5) barrier systems** at various secure access control points.
Dates of Performance: **August - October 2008**
Location: **Coronado, California**
Subcontract Value: **\$169,886.18**

- **Camp Pendleton, U. S. Marine Corps**
Product Supported: **Catsclaw Permanent Vehicle Immobilizer System**
Scope: **Complete turnkey Installation Service** to effect civil, electrical, testing, commissioning, and turnover support for **five (5) barrier systems** at various secure access control points.
Dates of Performance: **November 2007 – February 2008**
Location: **San Onofre and Oceanside, California**
Subcontract Value: **\$103,457.26**
